Commissioner for Patents

The request to correct the inventorship of this nonprovisional application under 37 CFR 1.48(a) is deficient because the following is missing: a statement from each person being added as an inventor and from each person being deleted as an inventor that the error in inventorship occurred without deceptive intention on his or her part.

In view of the papers filed 4/6/11, the inventorship of this nonprovisional application will be changed by the deletion of Simone Marie Jeha, Andrew Charles Murray, and Mark John Payne. However, examiner will wait until the request to correct the inventorship of this nonprovisional application under 37 CFR 1.48(a) is sufficient to make official correction.

The application will be forwarded to the Office of Initial Patent Examination (OIPE) for issuance of a corrected filing receipt, and correction of Office records to reflect the inventorship as corrected.

The request to correct the inventorship of this nonprovisional application under 37 CFR 1.47(a) has been forwarded to the Office of Petitions.

The information disclosure statement (IDS) submitted on 4/1/11 was filed after the mailing date of the Notice of Allowance on 1/28/11. The submission is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.
